

Shaping the Future of Rehabilitation Innovation Across Europe

The RehAllianCE Competence Centre connects hospitals, healthcare providers, and technology providers to accelerate the adoption of rehabilitation solutions across Europe.

Hospitals and Healthcare Providers

Access expert knowledge, co-design support, and a network of innovators to identify, pilot, and validate rehabilitation technologies.

WHAT YOU GAIN:

Co-design access

Living Lab connections

Funding guidance

Market intelligence

Online training

Scouting network

Technology Providers & Innovators

Connect with clinical end-users for meaningful validation, navigate EU regulatory pathways, and scale your rehabilitation solutions across borders.

WHAT YOU GAIN:

Potential clinical validation

User testing

EU market entry

Regulatory support

Investor connections

Scouting network

FOCUS AREAS:

Cognitive Rehabilitation

Physical Rehabilitation

Home-based & Community Rehab

Everything You Need to Succeed

01 Technology Adoption & Acceptance

Rapid usability testing, real-world feedback, and co-design facilitation.

HOW WE HELP

- Co-design training materials
- Living Lab connections
- End-user network access

02 Funding & Investments

EU funding knowledge for technology development, testing, and clinical trials.

HOW WE HELP

- EU programme helpdesk
- Investment organisation links
- Running EU project synergies

03 Market Analysis & Trends

Data-driven market overviews by rehabilitation topic and country.

HOW WE HELP

- Country & topic reports
- OECD & official datasets
- 1:1 consultancy available

04 Regulations & Reimbursement

Guidance on reimbursement schemes and regulatory barriers across EU markets.

HOW WE HELP

- Regulatory workshops
- EU country expert network

05 Training & New Skills (Online Academy)

Digital transformation training with a human-centric approach.

HOW WE HELP

- Video tutorials & webinars
- Erasmus+ & Pact for Skills
- Targeted training courses

06 Scouting & Networking

Platform to match tech providers with use cases, DIHs, and Living Labs.

HOW WE HELP

- Organisation matching platform
- DIH & Cluster connections
- Cross-border facilitation

HOW TO JOIN

1

Register

Submit a short expression of interest with your organisation profile and rehabilitation focus area.

2

Get Matched

We identify synergies and connect you with the right pillar experts, partners, and projects.

3

Collaborate

Access resources, workshops, and our matching platform to grow your impact across Europe.
